# DELHI PUBLIC SCHOOL DHALIGAON

*Committed to excellence beyond 25 years---*

## PROSPECTUS 2025-26

## DPS Dhaligaon-an insight

If we chase perfection, we can attain excellence.

Having sojourned for 28 years in pursuit of excellence, we have always striven to set up a benchmark of brilliance focusing on the needs of the hour with trained teachers, active students and enthusiastic parents. Founded in 1997, the school is carrying its legacy of innovative education with the vision and mission of imparting holistic education to each learner. Located in a serene and tranquil surrounding, we provide a warm and stimulating environment wherein students love to learn and grow. We leave no stone unturned to empower the students with multiple-skills. The school ethos of equity, compassion, cooperation and **service before self** are our earnest endeavours. Community Service through various awareness drives like cleanliness, road safety, charity and Environmental Conservation are our priorities of real learning.

Situated on vast and verdant green land, the school not only has a natural scenic beauty but is committed to instill an enthusiasm for lifelong learning. We presume that every student is endowed with some unique ability and we attempt to bring out the best self in a child by strengthening the child with life skills to face tomorrow's challenges with robust confidence. We want students to follow their passion, blaze a trail and carve a niche for themselves.

Thus, we believe in education that is packed with discipline and this is how we prepare global citizens who will be the assets of our macro society.

**Dr. R. K. Mishra**  
Principal
